<ul style="list-style-type: none"> • Amy Cicchino was easily the best instructor I've ever had at Florida State. She's the only professor I've had that actually and very genuinely cared about her students and how they were doing. She went above and beyond to teach us everything we had to know and be there if we had any questions. She has single-handedly prepared me for life outside of college and I couldn't be more grateful. • Super helpful and works with students and creates goals that are easily to adjust for each individual profession. • I love absolutely everything about this course. I learned to do things that I never thought that I would attempt. I feel like this class gave me the tools that I need to achieve my career goals. • I loved this class and feel like it actually prepared me for life after graduation. We need more instructors like Amy. • I enjoyed her enthusiasm and her care for her students and their success. • I absolutely loved this course, and it was hands down the best class I have ever taken at Florida State. Amy Cicchino is the main reason as to why this class was so helpful and productive. The way that the class was set up encourages students to meet their own professional goals while still challenging us to learn new techniques and technologies. Amy Cicchino is the kindest, most caring teacher in this entire school. I've never had a teacher that genuinely cares about the happiness and success of their students as much as Amy does. Amy dedicates so much time to ensure that every student is successful, and she goes above and beyond to ensure that every student is able to learn and be as successful as possible. • Amy provided useful materials and knowledge that we could apply outside the classroom as well as inside the classroom. She was very encouraging and assigned projects that not only challenged us to extend our skills but also create texts for future reference. A big component was peer review and editing, and it helped a lot to communicate with others to improve my work. 	

19 - What aspects of the course and/or Amy Cicchino's instructional methods should be improved? Please give examples.	
Response Rate	4/19 (21.05%)
<ul style="list-style-type: none"> • Nothing. Amy did well in how she structured her class. She did a great job. • Everything is perfect as is • Even just one less project would be nice :) • The only thing that would have made this class more helpful would have been more workshoping with different technologies. 	

20 - Please list additional comments and/or suggestions.	
Response Rate	4/19 (21.05%)
<ul style="list-style-type: none"> • Thank you for everything, Amy. Forever grateful. • Greatest class ever! • n/a • There needs to be more production classes like this offered at FSU! Amy is an amazing teacher!
